NAWIC Celebrates Women in Construction Week March 7-13, 2021

FORT WORTH, TEXAS — The National Association of Women in Construction (NAWIC) will celebrate Women in Construction (WIC) Week March 7-13, 2021. WIC Week is a very important date on the NAWIC calendar. This week helps NAWIC advance its mission to strengthen and amplify the success of women in the construction industry.

The focus of WIC Week is to highlight women as a visible component of the construction industry. It is also a time for local chapters to give back to their communities. WIC Week provides an occasion for NAWIC's thousands of members across the country to raise awareness of the opportunities available for women in the construction industry and to emphasize the growing role of women in the industry.

NAWIC chapters across the nation will celebrate WIC Week with a wide variety of activities. Community service projects, jobsite tours, membership drives, children's activities, hands-on workshops, fundraisers and school programs are some of the ways local chapters will observe WIC Week. Local chapters are also appealing to their local, state and national representatives to issue official WIC Week proclamations. Visit www.nawic.org to locate a NAWIC chapter near you.

About NAWIC

NAWIC is a national association serving approximately 121 chapters across the United States. It was founded in 1953 to enhance the success of women in the construction industry as "Women in Construction of Fort Worth, Texas." In 1955, the charter was expanded to allow chapters to form across the country and the National Association of Women in Construction was born. NAWIC's Core Purpose is "Strengthen and amplify the success of women in the construction industry." For more information, please contact NAWIC Communications Manager, Amber Swinford at (817) 877-5551. Visit NAWIC online at www.nawic.org.
