Gr. Worcester,

MA Chapter 241

President

Lindsey E. Draleau

"I choose NAWIC because I was eager to connect with other Women in the Industry and explore how to educate about the opportunities in the Industry. NAWIC has delivered me so much more. My fellow Chapter Members support not only myself but each other and together we are making a difference. This platform gives me more confidence when I reach out to unknowing businesses and schools about how and why we should change the future."
